2. Introduction

Your privacy is very important to us and Discovery Insure Limited is committed to protecting your right to privacy as well as your right to access any information that Discovery Insure Limited has about you.

This access to information manual ('Manual') is prepared in compliance with the Promotion of Access to Information Act, (Act - 2 of 2000) (PAIA) and the Protection of Personal Information Act, Act 4 of 2013 ('POPIA'). In terms of this legislation, everyone has the right to access their personal information that is processed by a private body, responsible party or appointed operator, such as Discovery Insure Limited. The purpose of this Manual is to enable requesters to get access to the records to which they are entitled in a quick and easy way.

PAIA aims to give effect to the constitutional right of everyone in South Africa's to access their information held by a public or a private body. This information can be accessed to exercise or protect any right contained in the Bill of Rights.

When a request is made, Discovery Insure Limited is obliged to give it, except where the law expressly says that the information must not be released.

It is important to note that PAIA recognises certain limitations to the right of access to information, which includes:

- The reasonable protection of the right to privacy
- Commercial confidentiality
- Effective, efficient and good governance

The limitation should be in a manner that balances that right of access to information with any other rights.

The main objective of POPIA is to promote the protection of personal information processed by public and private bodies. POPIA amended certain provisions of PAIA, balancing the need for access to information against the need to ensure the protection of personal information.
