

Discovery Home Health

- Hospital at Home

Hospital at Home gives you the option to be treated with world-class medical resources in the comfort of your own home when you need it. In this way, you get the best of both worlds: you will be with your loved ones in familiar surroundings while you are being closely monitored throughout your treatment.

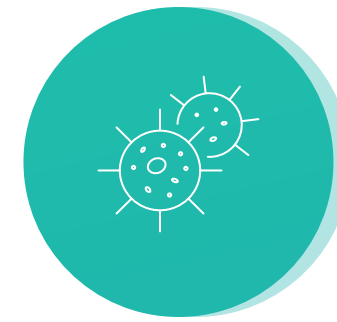

Benefits of at-home, hospital-level care

Many global studies have evaluated the safety and effectiveness of at-home hospital care, compared to in-patient care, across various conditions and populations. These efforts prove conclusively that hospital-level care can be delivered safely in the home setting for a range of clinically appropriate conditions. Discovery Health's ongoing analysis of its at-home care offerings aligns with global findings around the many benefits of this form of care. Benefits include:

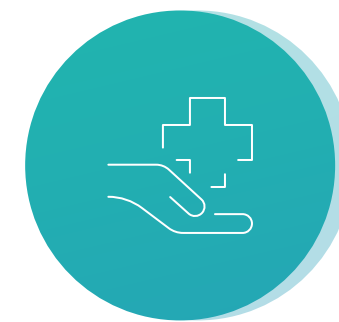

01 | Clinical outcomes:

Patient outcomes are comparable or improved compared to traditional in-patient treatment.

02 | Reduced infection risk:

Patients face much reduced exposure to hospital-acquired infections and sick patients.

03 | Personalised care:

Patients receive individualised attention through a dedicated care team made up of doctors, nurses, and allied healthcare professionals who provide both physical and virtual care.

04 | Promoting a patients' holistic wellbeing:

Recovery in familiar surroundings, close to loved ones, supports a comfortable and dignified recovery process. Compared to being admitted, patients experienced reduced anxiety and stress at home, promoting a better state of being and potentially faster recovery. Patients also tend to mobilise sooner when in their own home.

05 | Convenience:

Care givers and loved ones need not commute between home and hospital settings to see the patient.

06 | Cost-effectiveness:

Patients and healthcare systems benefit from lower healthcare costs through reduced hospital stays and readmission rates.

Please discuss this option with your treating doctor if you develop an illness that might need hospital treatment. [Click here](#) to learn more about Discovery Home Health - Hospital at Home or email us at hospitalhome@discovery.co.za
